Title: "The field name in the form of the registration is required"

STR: 1. Navigate to <http://itcareer.pythonanywhere.com/>

2. Find the first field "Name" at the top of the page.

ER: We see an asterisk upper the right corner of the field. When we let down a cursor on asterisk we see the message: "This field is required"

AR: There's neither an asterisk nor a message. It's not understood is it obligatory or not

Priority: Low

Severity: Minor

**the last field**

A screenshot of a web form. At the top, the label "Password:" is in a light blue font. Below it is a white password input field with the placeholder text "Enter a password." in a light blue font. To the right of the input field is a green "Submit" button. A large red arrow points from the bottom left towards the input field. Below the input field, the text "the last field" is written in a bold, red, outlined font. A horizontal red bar is positioned below the text.

Title: "There's another easy way to submit yourself with the help of social media"

STR: 1. Navigate to <http://itcareer.pythonanywhere.com/>;

2. Move to the end of the page;

ER: There's another way to registrate workaround registration fields: at the end of the form there are "Google", "Linkedin", "Telegram" buttons.

AR: There are no such buttons

Priority: Low

Severity: Minor
